WORK EXPERIENCES

Operations Data Analyst at Stellantis India

Maastricht

Feb. 2022 - Jun. 2022

A 5 month internship for my bachelors thesis titled 'Improved order picking and storage strategies in automotive parts warehousing' in collaboration with Stellantis India. Skills utilised in this internship were qualitative research, data visualization and analysis, quantitative research, statistical analysis, Python (programming language), Pandas (software), Numpy and advanced exploratory data analysis .

Key Accomplishments:

- Improved the lines-per-hour KPI of the main parts distribution centre for JEEP, FIAT and CITREON in India by 116%
- Recommendations to further improve operations efficiency were not capital intensive leading to positive client satisfaction
- Analysis of warehouse operations successfully identified areas of operations with significant impact on efficiency
